

Dungeon Fantasy Roleplaying Game Skill Categories v1.0

Patterned after *Skill Categories* for **GURPS** Fourth Edition, this unofficial play aid sorts skills from the *Dungeon Fantasy Roleplaying Game Adventurers* book into useful categories. See notes at www.gamesdiner.com/dfrpg-skill-categories/.

Most skill specialties are spelled out, but skills with numerous or open-ended specialties are marked with "(any)†"; see details on the second page. Skills marked with an asterisk (*) are "unlisted" new skills suggested on *Adventurers* p. 93.

This game aid is created by T Bone's Games Diner and is released for free distribution under the permissions granted by the Steve Jackson Games Online Policy.
